POWER TO PRODUCE

WITHOUT WORK, TOOLS ARE JUST THINGS

WE KNOW THAT DRILLS WHICH ONLY DRILL HOLES AND MILLING CUTTERS WHICH ONLY MILL GROOVES ARE THE STANDARD. ONLY WHEN THE HOLES AND GROOVES BECOME A PROFESSIONAL PRODUCT DOES THE TOOL HAVE PURPOSE.

THAT'S WHY WE OFFER NOT ONLY PROFESSIONAL TOOLS, BUT ALSO SERVICES THAT ALLOW YOU TO PRODUCE FASTER, BETTER AND MORE EFFICIENTLY.

BECAUSE SARTORIUS IS THERE FOR YOU. FOR THOSE WHO DO, WHO BUILD, WHO CREATE. NOT FOR WELL-INTENTIONED DIY HOBBY PROJECTS, BUT FOR PROFESSIONAL WORK TO A PROFESSIONAL STANDARD. FOR THOSE WHO DON'T TINKER, BUT PRODUCE. FOR THOSE WHO NEED ONE THING ABOVE ALL:

POWER TO PRODUCE.

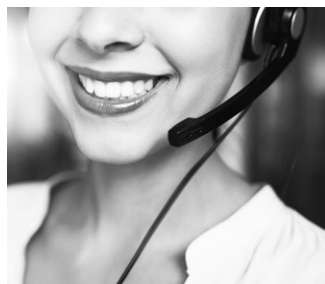

ADVICE FOR THAT SOMETHING EXTRA

You don't need to know everything. You just need to know someone who does. Like SARTORIUS. We've gathered a network experts to help you find the right tool and solution for your manufacturing needs.

KNOW WHAT YOU NEED: YOUR CUSTOMER ADVISOR

When it comes to finding just the right product from the seemingly endless range of professional tools, you don't have to go it alone. Your customer advisor will support you directly on site. Our customer advisors are professionals who know what matters to you. So we offer you nothing but the solution that suits you best.

KNOW WHAT WORKS:

OUR CUSTOMER MANAGEMENT

Whether order acceptance, delivery inquiries or telephone advice - our specialists in customer management are happy to assist you with any issues. They will answer your questions competently and forward your queries directly to the right places - and they're on hand **every weekday until 7.30pm!**

KNOW HOW IT WORKS:

OUR APPLICATIONS ENGINEERS

We know that professionals understand professionals. That's why our applications engineers are always on hand to help you find the right solution. Particularly when your work becomes more specialised and standard simply won't cut it anymore.

SARA GO: YOUR TOOLS ALWAYS AVAILABLE

IMAGINE YOU'RE WORKING ON AN URGENT ORDER, AND YOUR LAST MILLING CUTTER SUDDENLY WEARS OUT. NOW IMAGINE THAT IT DOESN'T MATTER AT ALL. BECAUSE YOUR PERMANENTLY FILLED TOOL STORE IS JUST TWO STEPS AWAY. THIS ISN'T A VISION OF THE FUTURE, THIS IS SARA GO. THIS IS POWER TO PRODUCE.

SARA GO is the clever tool dispensing system from Sartorius that allows you to have your very own tool store right in your production hall. Whether you choose our SARA GO AWAY starter model or one of the larger tool dispensers, you'll always enjoy the following benefits:

24/7 AVAILABILITY

No matter the time, SARA GO has the tool you need. Round the clock. Seven days a week.

FLEXIBLE STOCKING

SARA GO always has the tool you need. Our customer advisor handles the initial stocking and replenishes stock at a visiting frequency of two to four weeks. Thus your SARA GO system is permanently optimised and adapted to your current requirements.

WITHDRAWAL-BASED BILLING

Tools in SARA GO are not tied up capital – you will only be billed if you actually need them.

THREE SARA GO SYSTEMS, ONE OBJECTIVE: POWER TO PRODUCE

SARA GO AWAY

Our starter model. We provide it free of charge and with no contract for the first six to twelve months for the storage of up to 30 different tools.

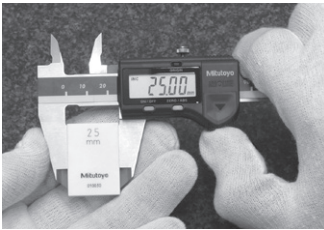

SARA GO 1.0

Our smallest contractual model. Ideal if you only need a small number of tools – 30 or more – permanently in stock.

SARA GO 4.0 Export

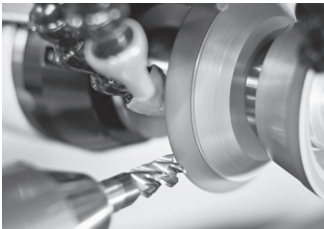

The large dispensing solution. Space for plenty of tools and even more services. Because the SARA GO 4.0 takes care of everything automatically. Tool storage, tool dispensing with inventory monitoring and even automatic tool ordering.

FOR THOSE WHO ALWAYS GIVE IT THEIR EVERYTHING: OUR SERVICES

CALIBRATION SERVICE

Real professionals don't work using "ballpark" estimates: they have to be able to rely on the precision of their measuring equipment. To ensure this, our DAkkS-certified calibration laboratory offers high-precision calibration of your measuring equipment to DIN EN ISO/IEC 17025:2005. We also provide free pick-up, fast processing, accurate logging and can even offer secure express delivery through UPS on request.

RESHARPENING AND COATING SERVICE

You don't always have to buy a new tool: our sharpening and coating service breathes new life into your old drills, milling cutters, saw blades, etc. and gives them back their POWER TO PRODUCE.

AVAILABILITY EXCHANGE – THERE'S NO SUCH THING AS HAVING NOTHING TO DO

POWER TO PRODUCE only works when you actually have something to produce. That's why we have the Availability Exchange. This service allows you to register when you have availability and have customers reach out to you. Alternatively, you can look for someone to help you with peak workloads. And the best part: The Availability Exchange is completely free of charge.

MAKE THE BEST
EVEN BETTER: RELIABLE
PRODUCTS
FOR
PROFESSIONALS

OUR CATALOGUE: COMPREHENSIVE AND RELIABLE

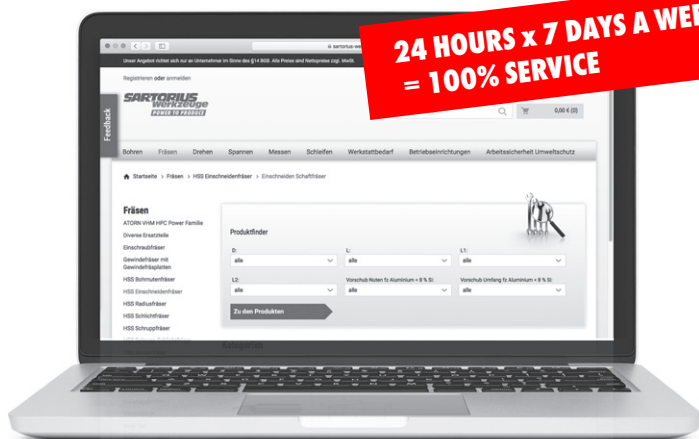

As wide around the middle as Santa Claus and at least as eagerly awaited: the full SARTORIUS catalogue comes just once a year. Brimming with all the things that make professionals happy - and available in various languages.

**OUR FLYERS:
QUICK AND STREAMLINED. EVEN IN THE PRICING**

Although the catalogue is only published once a year, the international SARTORIUS TAKEOFF! flyer is sent out to customers on a regular basis. Although these flyers are relatively thin, they include everything you need to know. Including plenty of attractive offers for your production.

TO ENSURE THE BEST QUALITY, EVERYTHING HAS TO BE AVAILABLE AND IN PERFECT WORKING ORDER. WE ARE PROUD TO OFFER YOU EVERYTHING YOU NEED FOR YOUR PRODUCTION: RELIABLE PRODUCTS FROM THE FIELDS OF MACHINING, CLAMPING TECHNOLOGY, MEASUREMENT SYSTEMS AND ENVIRONMENTAL TECHNOLOGY.

**24 HOURS x 7 DAYS A WEEK
= 100% SERVICE**

OUR ONLINE SHOP: CLICK, CLICK AND DONE

Can do everything the catalogue can, but isn't so heavy: our online shop at saratools.com.

In addition to our wide range of products, we also offer some extra benefits:

- Order up to 7.30pm for next day delivery
- In 24 hours throughout Europe
- Exclusive online offers
- Online discount
